PORTFOLIO https://kenlgr-wq.github.io

PROFESSIONAL SUMMARY

Motivated and detail-oriented technology enthusiast with practical project experience in front-end web development using HTML, CSS, and JavaScript. Familiar with GitHub for source-code management and website deployment, with an interest in artificial intelligence, digital content evaluation, and software development. Eager to learn new technologies, follow instructions, solve problems, and contribute to high-quality digital projects. Seeking an entry-level AI-related opportunity to apply technical knowledge and develop professional skills.

TECHNICAL SKILLS

- **Web Development:** HTML5, CSS3, JavaScript
- **Version Control:** Git and GitHub fundamentals
- **Website Deployment:** GitHub Pages
- **Backend Development:** Introductory knowledge of Node.js and Express
- **API Integration:** Familiarity with frontend-to-backend communication concepts
- **AI-Related Interests:** AI evaluation, content review, and data annotation
- **Professional Skills:** Attention to detail, analytical thinking, problem-solving, adaptability, and independent learning

TECHNICAL PROJECTS

LGR Tech Store

Personal E-commerce Development Project

- Developed an e-commerce website concept for displaying technology products.
- Used HTML, CSS, and JavaScript to create website layouts and interactive features.
- Practised organising product information and improving website navigation.
- Explored backend development and online payment integration concepts.
- Used GitHub to manage and publish website code.

Technologies: HTML5, CSS3, JavaScript, GitHub, Node.js fundamentals.

Personal Portfolio Website

Personal Development Project

- Built and refined a personal web portfolio to showcase technical skills and projects.
- Applied HTML and CSS to structure and style web content.
- Practised source-code management and website deployment using GitHub.
- Continued developing knowledge of responsive design and website usability.

Technologies: HTML, CSS, JavaScript, GitHub Pages.

EDUCATION

Bachelor's Degree in Information Technology (IT)

Institution and graduation status not provided.

RELEVANT STRENGTHS

- Willingness to learn and adapt to new technologies.
- Ability to work independently and follow structured instructions.
- Interest in artificial intelligence and digital innovation.

- Commitment to accuracy, consistency, and quality.
- Problem-solving and continuous professional development.

PROFESSIONAL DEVELOPMENT

Developing technical skills through personal web development projects and independent learning. Interested in gaining practical experience in AI evaluation, data annotation, content quality assessment, and software development.
